

Delphine Blue Candidate Statement

As a producer at WBAI for the past two decades I have deep concerns about the future of WBAI. I fear for the future of this beloved and embattled institution. It is my belief that WBAI is on a crash course towards extinction and it is for this reason that I am throwing my hat into the ring or perhaps the lionâ€™s den, of this election to be a member of the LSB.

I DO NOT STAND FOR POLITICAL FACTIONS. I DO NOT STAND FOR INTIMIDATION. I DO NOT STAND FOR RACISM OR SEXISM OR ANTISEMITISM.

I stand for great radio. WBAI was once a great radio station. I hope it can be vital once again supported by strong and smart development, through the use of the new technology of podcasting and HD 2 radio, and by programming that is compelling. I hop to contribute to this end through the participation in the LSB.
